SUMMARY

Enthusiastic PHP Developer with a proven track record of building and maintaining robust back-end systems using PHP and Laravel. I have hands-on experience in full-stack web development, mastering front-end technologies like HTML, CSS, and JavaScript, alongside my back-end expertise. With a focus on clean, scalable code and delivering user-friendly solutions, I thrive on turning complex problems into effective web applications. I also possess strong project management skills, excellent communication abilities, and a keen understanding of business needs, gained from a variety of project experiences and advanced certifications.

EDUCATION

Bachelor of Technology (B.Tech.) - Computer Science

Zagazig University

Sep 2020 - May 2024

PROFESSIONAL EXPERIENCE

PHP Backend Developer

Jun 2024 - Present

- Developed, maintained, and optimized back-end systems using PHP and Laravel frameworks.
- Collaborated with front-end developers to ensure seamless user experiences across various web platforms.
- Implemented robust database solutions using MySQL, ensuring high performance and security.
- Led full-stack development for multiple WordPress projects, including theme customization and plugin development.
- Leveraged HTML, CSS, and JavaScript to ensure responsive, interactive front-end designs complement back-end functionality.
- Actively participated in code reviews, adhering to best practices and maintaining high-quality standards.
